Spring Back 7 comes complete with a storage bag.

Remove the contents of the bag.

Set-up the base by expanding the tripod style legs.

Adjust the hub size to the correct graphic height by turning the tension screw clockwise. Be sure to not over tighten otherwise breakage may occur.

Install the upper arms into the adjustable hub.

Mount the grommets, located on the bottom of the graphic, to the bottom hooks.

Mount the grommets, located on the top of the graphic, to the top hooks.

Once the graphic is installed, using the tension screw, make your final height and tension adjustment to fully secure the graphic to the stand.

Your completed unit should stand upright.
